1. Adı soyadı : ..... İmzası : .....

2. Adı Soyadı : ..... İmzası : .....

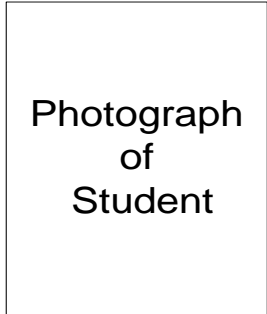

3. Adı Soyadı : ..... İmzası : .....

**NOT: BU FORM BÖLÜMDE YAPILACAK STAJ SINAVINDA DOLDURULACAKTIR.**

**SUMMER PRACTICE EVALUATION REPORT**

**Full Name of Student** : .....

**Student Number** :

**Type of Practice** :       EEE 393        EEE 394

**Name and Address of Organization:** .....

Please evaluate interest in job, attendance and performance of the student based on the criteria shown on the side.

- (A) Excellent
- (B) Good
- (C) Fair
- (D) Poor
- (F) Unsatisfactory

Department	Period (Days)	Performance
<b>Average</b>		

**Approval of Electric and/or Electronics Engineer**

**Full Name (Title)** : ..... **Signature**.....

(Stamp)

**Note:** A copy of this form must be completed by the supervisor in your firm and posted to the address below in an envelope while another copy must be kept in the firm.

**Adress:**

Summer Practice Committe

**SUMMER PRACTICE ATTENDANCE SHEET**

**Full Name of Student** : .....

**Student Number** :

## ESSENTIAL OF SUMMER PRACTICE REPORT

1. The report should be written in English on computer using Times New Roman font and 1.5 line spacing. Page margins should be 3 cm from left and 2 cm elsewhere (from right, top and bottom)
2. Headings in the report should be as follows:

<u>Heading Type</u>	<u>Font Size</u>	<u>Font Style</u>	<u>Location on Page</u>
<b>CHAPTERS</b>	16 points	Bold	Centered
<b>1 MAIN HEADINGS</b>	14 points	Bold	Aligned left
<b>1.1 Sub Headings</b>	12 points	Bold	Aligned left
<b>1.1.1 Sub Headings</b>	12 points	Bold italic	Aligned left
Figures	12 points	Italic	Centered under figure
Tables	12 points	Italic	Centered above table
Page numbers	12 points	Normal	Centered
<b>APPENDICES</b>	12 points	Bold	Centered

3. Layout of the report should be as follows:

- a) **Contents:** Headings within the report and the corresponding page numbers are listed.
- b) **Information on the organization:** name and location, brief history, main working area, structure, number of engineers and technical personnel
- c) **Introduction:** Purpose and scope of the engineering practice should be given in this section.
- d) **Main Sections:** Everything that has been done and observed during practice should be given in full detail. All related data, tables and figures should be included with outline numbering
- e) **Discussion and Conclusions:** In this section, experience gained by the student as well as observations and suggestions on technical working performance of the firm should be reported
- f) **Appendi(x)ces:** Supplementary data, tables and figures should be presented here.

## **CONTENTS OF SUMMER PRACTICE**

### **Second Year Summer Practice Program (EEE 393) covers the following topics**

1. Electrical measurements and measuring devices
2. Basics of computers and their applications in industry
3. Electrical repairs
4. Electrical machinery: Generators, motors, transformers, etc.
5. Electrical equipment and devices: Batteries, relays, circuit breakers, etc.
6. Electrical lay-out: Lighting, lay-out of electrical machinery, cable lay-out and connection, etc.
7. Heating and ventilation systems

### **Third Year Summer Practice Program (EEE 394) covers the following topics**

1. Electrical measurements and measuring devices
2. Industrial applications of computers, microprocessors and PLCs
3. Integrated and power electronics devices: Transistors, diodes, tristors, triacs, etc.
4. Operation and maintenance of power supplies and transformers
5. Distribution and interconnection of electrical energy
6. Communication systems and devices
7. Automatic control and protection of electrical and electronic systems and devices.

### **NOTE:**

The student must write her/his report according to the regulations under the heading of **“Essential of Summer Practice Report”**
